

AARP MI Age-Friendly State & Communities Conference

You are invited!

Join AARP Michigan for a statewide conference on Age Friendly Communities and States. Come for a free, one-day conference to learn about the impact of an Age-Friendly Michigan and explore how a new approach to community planning can benefit all ages.

A demographic revolution is reshaping the marketplace, the workplace... and the community.

Studies show that younger and older Michiganders want the same things in the communities where they choose to live: affordable, accessible housing, access to quality healthcare, and transportation; a variety of cultural activities and entertainment; meaningful employment and volunteer opportunities.

This interactive conference helps to prepare forward-thinking city planners and public officials for this demographic phenomenon, which will have a significant impact on the quality of urban, suburban and rural communities for everyone.

This one-day conference is free and open to the public, but you **MUST pre-register** and space is limited. Reserve your spot today by calling **877-926-8300** or by visiting <https://aarp.cvent.com/AFCConference2019Lansing>. Details are below.

Monday, October 7, 2019
